Meeting with Mayor Pinson

The LCPA executive met with Mayor Pinson and the Director of Strategy and Growth Jeff Sharp to discuss the Foreshore Masterplan, Ocean Drive and Revetment Wall.

As a result of this meeting, we have been advised that design work has commenced on Ocean Drive from Miala Street to Orana Drive.

The Foreshore Masterplan “Think Tank” session held with community members and council staff on Saturday 14th October was a great success and we have been advised the next process will be the presentation of the “Draft Masterplan” at a **Family Fun Day** at the Lake Foreshore.

Mayor Pinson advised that discussion were held between PMHC representatives and the NSW Govt. Minister of Planning to develop a funding model of the revetment. It is expected that this report will be completed by the end of the year.

Draft Foreshore Masterplan

Due to the wet weather on Saturday 18th November the **Family Fun Day** has been postponed until Saturday 25th November. We encourage all residents, long time and new, to come along to the Foreshore and view the proposed design work prepared by PMHC. If you are interested in the lovely community of Lake Cathie, then come and be part of this decision making process.

Commencement of Fishing Platform

Local residents will see that work has commenced on the installation of the Wheelchair Accessible Fishing Platform. Although purpose-built to be disability friendly, the platform can be used by anyone including parents with prams and seniors.

Work is expected to be completed prior to Christmas (weather permitting). Grant money for this project was received from the NSW Department Primary Industries via our local member Hon. Leslie Williams. The LCPA first advised our members of this grant money back in September 2015.

LCPA Committee would like to wish all our Members and the Community a very Merry Christmas and Happy New Year. We would especially like to thank our sponsors and other Community Groups for their support over the past year and look forward to a great 2018.
