DECEMBER 2018 EDITION

“LAKE CATHIE.....So much more than the Lake”

Over the coming months LCPA intend to highlight some fantastic features of Lake Cathie and provide Visitors to our area, just a few of our other features.

Let's start with the MOUNTAIN BIKE RIDING at Jollynose Mountain Bike Park located Queens Lake State Forrest, Houston Mitchell Drive. This is a great activity for the whole family to enjoy.

LCPA BUSINESS DINNER:

On Tuesday 30 November the inaugural Lake Cathie Business Dinner was held at the Lake Cathie Bowling and Recreation Club, with great attendance from local businesses. Our guest speakers, Ben and Sam from Ben and Sam Business Smart Solutions and PC Pitstop were very well received and provided those businesses present some great Marketing Solutions and ideas using Social Media. LCPA would like to thank Management and Staff of the Bowling club for a great meal and professional service. The next Business Dinner will be held in the New Year. Lake Cathie Business members partnering with LCPA will be contacted with details. If you are a business in Lake Cathie and would like to become a business member of LCPA please contact our Secretary at secretary@lakecathiepa.com.au. Go to our Facebook page and review some of the interviews being conducted with our business partners.

UPDATE FROM THE COUNCIL:

- **FORESHORE MASTERPLAN**

Playground upgrade completed. The new fenced playground is now completed and being enjoyed by local and visiting families with the installation of new equipment and seating for parents. LCPA and local residents thank PMHC for this work and the start of upgrade to the Foreshore Masterplan facilities. We expect the next project to be the installation of a new toilet block closer to the carpark, and the demolition of the old block. LCPA will advise members and the community when more information becomes available for PMHC.

- **ILLAROO ROAD STORMWATER REDIRECTION**

Council is proposing to undertake construction works to redirect stormwater flows along Illaroo Road. At present, stormwater infrastructure directs runoff onto the Beach via 2 stormwater outlets. These existing outlets pose risk to erosion of the beach foredune and subsequent potential undermining of Illaroo Road. It is proposed to construct new stormwater infrastructure (pit & pipe system) along Illaroo Road to direct stormwater runoff to the northern end of Illaroo Road, and discharge into the lake. The NSW Government's Coastal and Estuary Grants program has allocated \$360,000 to reduce beach erosion to the foredune system.

- **MEETING WITH MAYOR**

LCPA are scheduled to meet with Mayor Pinson and senior executive early in December, a report back to our members will be provided in the New Year. Topics for discussion at this meeting are;

- When is Council proposing to start storm water redirection along Illaroo Road?
- Will funding become available for the construction of the Revetment wall prior to 2021?
- At what step in the process of the DA application for stage 1 of the Foreshore Masterplan currently at.
- Has council been successful in obtaining grant funding for the replacement of Fish Cleaning tables in Jabiru Park and at the Fishing Platform?
- What is the current status of draft plans released to the public on Ocean Drive Upgrade?
- Has Council considered lobbying the Stat Govt. and Health Dept. to include a new Ambulance and Fire Station in the Area 14 Development?

CAROLS BY THE LAKE

LAKE CATHIE – BONNY HILLS LIONS CLUB & LAKE CATHIE PUBLIC SCHOOL

Another great night was enjoyed by the community of Lake Cathie for the Annual Christmas Carols presented by the Lions Club with beautiful singing and band playing from the Lake Cathie Public School. A big Thank you to all the volunteers, teachers and students that provided a very enjoyable evening. A special thanks to the Volunteer Rural Fire Brigade for providing transport for Santa Claus, which enabled him to speak with very excited children
